You have the power!

Take the pledge this break to unplug everything in your room before you leave.

Refrigerator (make sure it's empty!)
Microwave
Computer and printer
Alarm clock
Television and DVD player
Coffee maker

Phantom loads, such as chargers for cell phones, portable music players, etc
Video game consoles
Lamps
Window AC
Fans

And shut off the lights

Individual efforts may seem small but multiply that times 1000 or even 4500 students living on campus and now we're talking impact.
